

TECHSTER

Tech students, entrepreneurial routes

Project number: 2020-1-
PL01-KA203-082297

An Erasmus+ KA203 project that wants to tackle the limited competences on entrepreneurial behaviour and soft skills of technical students

01.10.2020 - 30.09.2022

The project is for:

- Higher Education teachers, managers and coordinators
- Higher Education students in technical education
- Stakeholders

The consortium

Coordinator

Aims

The **TECHSTER** project aims to enhance the entrepreneurial and soft skills of Higher Education teachers and students. A more entrepreneurial dimension to technical education will be developed and the local and European network of HE institutions will be strengthened. As a result, young people will become successful entrepreneurs not only at a national level, but also internationally.

FINAL MEETING 26/09/2022

The last formal Partner meeting is just behind us. On the 26th of September 2022 the project consortium met online to summarize and conclude the project results and collaboration. It was time for saying 'thanks' for engagement and common work to deliver high quality materials during the two years of running the project. Techster Toolbox, Techster Teachers Guide, Techster Roadmap and Techster Online Community are available without any charge to anyone interested in the entrepreneurial and soft competencies development.

From now on the Partners will focus on sustaining the results that were produced, keep the Techster online platform alive and attract people to use Techster tools in tech education practices.

PLATFORM

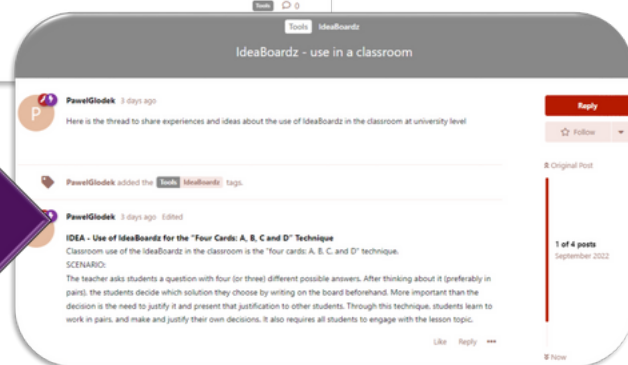

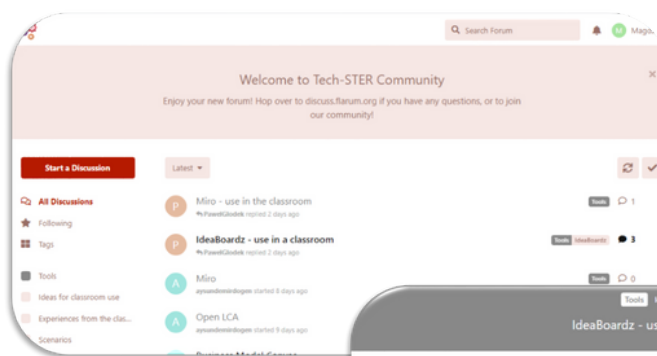

Techster project results available online!!!

JOIN our Techster platform, use the tools in practice and share your opinion

as a member of

**TECHSTER
ONLINE
COMMUNITY!!!**

- get the opportunity to share your experiences in using educational tools
- get access to other teachers' and students' experiences in using educational tools
- get the opportunity to discuss with other TechSter Online Community members

WHAT IS TECHSTER ONLINE COMMUNITY AND WHY IS WORTH TO JOIN IT?

- Techster Online Community is a platform designed to exchange knowledge and build a cooperation network to develop the entrepreneurial competencies and soft skills.
- TechSter Online Community delivers educational tools ready to be implemented in existing university curricula.
- Techster Online Community aims to enhance the entrepreneurial and soft skills of Higher Education teachers and students who have technical background.
- Techster Online Community facilitates the communication between stakeholders, directly and indirectly involved in the project in order to exchange of good practices and examples of Techster tools application between HE professors, students and stakeholders.

Only one step to be a memeber of Techster Online COMMUNITY
